

**Friends of Narrabeen Lagoon Catchment
President's Report
August 2006**

What have we achieved during the past year?

This group resulted from the Narrabeen Lagoon Summit and is affiliated with NPA. We have incorporated with Department of Fair Trading.

The membership represents many local groups from both Warringah and Pittwater areas. We have kept pressing for resolution for Crown lands issues.

We have had meetings with Council, created a flyer, established relationships with DEC, held a Road Kill Seminar with its resultant steering group. FONLC has been acknowledged by Pittwater Council (Alex McTaggart organised the Road Kill Seminar). We were invited to the Pittwater Mayor's community function.

We have been involved with Pittwater and Warringah Councils in preparing an application for an Urban Sustainability Grant.
